CLAIMS

We make claims easy

If you need to register a claim, our experienced claim team is more than happy to help. Simply follow our easy-to-use process and a member of our team will be in touch with you within the same working day.

REGISTER A CLAIM

Please note, this is not insurance cover and only represents an agreement/service plan or cover.

To avoid prolonging your claim, we reserve the right to request sending one of our engineers to you and will pay no claim where unauthorised repairs have already been completed.

Please follow the instructions in the next column before making a claim. Diagnostics will be the contract holder's responsibility in order for any repair to be considered.

MAKE A CLAIM

To make a claim you will need:

- Your vehicle registration number
- The exact current mileage of your car
- Proof of service at sale or in line with current mileage requirement, excluding services prior to the relevant sale
- A diagnosis and quotation will be required for the repair (diagnosis costs are not covered by your guarantee)
- Labour rates are capped at £40 per hour, should customers wish to pay the difference higher rates will be accepted

To make a claim, contact us on 0124 437 8544 or email claims@auwarranties.co.uk

CLAIMS PROCESS

The AU app has made it easier than ever to start your claim, allowing you to select cover and start a claim. After your claim is registered, a member of our experienced team will be in contact to help you through the claims process.

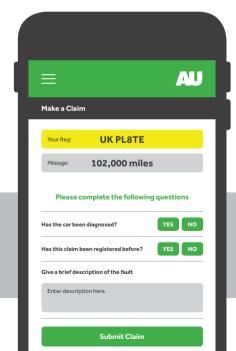

Alternatively, claims can be made by emailing claims@auwarranties.co.uk or by calling our customer care team on 0124 437 8544

When a claim is started we will request that a diagnostics check be completed and a quotation of what parts are required as well as labour costs and labour hours. The diagnostics report is the contract holders responsibility and claims will only be considered on receipt of this quotation.

We may ask for further documentation such as pictures or videos to support your claim and in certain situations may request a second opinion. Should any repairs be completed prior to approval, these claims will be classed as void and rejected.

A dealership does have the option to request that a vehicle be returned should they wish to carry out a repair themselves. This request will be acceptable as long as the vehicle address is located within a 20-mile radius of the repairing garage.

The Basic policy allows a maximum of one claim in a 12-month period, Standard and Absolute guarantees allow a maximum of two claims in a 12-month period.
